50 Plus Computer Learning Center

A Program of Palatine Township Senior Citizen Council

Information and Fees – Fall 2011 Session

What is the Palatine 50 Plus Computer Learning Center?

We are volunteers aged 50 and over offering computer classes specially designed for seniors. This program, offered by the Palatine Township Senior Citizens Council. Each student has their own computer. Each class is taught by a trained instructor, and coaches in each class provide individual attention and support. Course materials are prepared with seniors in mind, including clear step-by-step instructions, repetitive reinforcement and a slow, even pace. This makes the 50 Plus learning experience ideally suited to seniors learning to use the computer.
